Notes:

1. The certificate of conformity is based on an evaluation of a sample of the above-mentioned product. Technical report and documentation are at the applicant's disposal. This is to certify that the tested sample is in compliance with the requirements of Radio Equipment Regulations 2017(SI 2017 No. 1206). The certificate does not imply assessment of the production and does not permit the use of Lab's logo.
2. The manufacturer shall affix the UKCA marking to each item of radio equipment that is in conformity with the certificate and satisfies the applicable requirement of the Regulations.
3. The manufacturer shall draw up a written UK declaration of conformity for each radio equipment type and keep it at the disposal of the national authorities for 10 years after the radio equipment has been places on the market. The UK declaration of conformity shall identify the radio equipment type for which it has been drawn up. A copy of the UK declaration of conformity shall be made available to the relevant authorities upon request.
